Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

.The reply filed on May 02, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s) pertaining to paragraph 5 for the election of species as submitted in the election requirements of 11-29-2007 and 11-01-2007: Applicant had complied with B and C but the requirement of A has been found not to be in full compliance as noted below: Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim is generic to all of the above inventions. Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election. Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a). Applicant is required to elect one species from A. Whereby the product produced is

a. 20% of polyunsaturated fatty acids containing 20 or more carbons and two or more double bonds-please specify the generic structure.

- Ai arachidonic acid;
- Aii dihomogamma-linolenic acid
- Aiii mead acid
- b. omega 6 series PUFA:
 - bi. Specify the structure.
- c. omega 9 series PUFA;
 - ci. Please specify the structure.

Thus, an election of Aa [further one species which is : Ai or Aii or Aiii; or an election of Ab from omega 6 series PUFA—specify the structure; or an election of Ac from omega 9 series PUFA-specify the structure.

The requirement is that there is only one species from a, b or c and if a is elected further election of Ai or Aii or Aiii.

If Applicant has any problems, it is strongly advised to contact this Examiner for any assistance.

See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to HERBERT J. LILLING whose telephone number is 571-272-0918. The examiner can normally be reached on WORK AT HOME MAXIFLEX. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, JON WEBER can be reached on 571-272-0925.
